

Alicante airport Instructions to find our mobile office

When you exit the baggage reclaim, you will be in the arrivals hall. In front of you are two sets of lifts on either side of you.

Take one of them and make your way to level 1. You will see the entrance to a tunnel that connects the Terminal with the Car Park.

Please follow this tunnel until you enter the Car Park Hall. Turn left into section A of the car park.

You will find our mobile office parked in bay A106, which is slightly to your left as you enter the parking area.

Emergency telephone: **+34 606 433 927**
